### **Certified Crop Advisor and Certified Crop Science Consultant CEUs**

**The Conference has been approved for Certified Crop Advisor and Certified Crop Science Consultant CEUs.**

**Note that it may not possible for any one individual to accumulate all the CEUs due to concurrent sessions.**

---

## **Niagara Wine and Scenery Pre-conference Tour**

Step aboard the bus outside the Marriott Gateway Hotel to experience the beauty of Niagara's world-famous wine country and see the sites and attractions that make Niagara famous. Your first stop will be Reif Estates Winery for a tour and tasting including Vidal icewine.

After you enjoy a gourmet boxed lunch, head out to explore Niagara's most historic village, Niagara-on-the Lake filled with shops, boutiques and the Angel Inn - Ontario's oldest operating inn boasting an English-style pub and resident ghost, Captain Swayze.

Take a wine tasting narrated drive along the Niagara Parkway highlighting historical landmarks such as Queenston Heights, Laura Secord Homestead, historic Fort George and much more including a stop at Pillitteri Estates Winery – one of Canada's leading wineries. Let your spirit soar on a self-guided tour of the Butterfly Conservatory featuring over 2,000 colourful tropical butterflies floating freely among lush, exotic blossoms and greenery. From the Observation Boardwalk you will be able to view the Whirlpool Rapids - amongst the wildest, formidable and most dangerous rapids in the world.

Return to the hotel in plenty of time for a rest before the general membership "Meet and Greet".

If you want to go on this tour, select this option in the Merchandise tab online or fill it in on the registration form that is part of this booklet. The cost is \$65 per person.

**Plenary Session “Herbicide Resistance” Tuesday, November 22, 2011**

<b>Time</b>	<b>Topic</b>	<b>Speaker</b>
7:30 – 8:30	<i>Continental Breakfast. Commercial Displays &amp; Poster Viewing</i>	<i>Authors Present</i>
7:30 – 17:00	<i>Registration</i>	
8:30 – 17:00	<i>Poster and Commercial Display Viewing</i>	
8:00	<b>Welcome, Announcements, Local Arrangements</b>	Clarence Swanton (LAC) and Peter Sikkema, President, CWSS-SCM
8:15 – 10:00	<b>Plenary Session: Herbicide Resistance</b>	
	<b>Antibiotic Resistance: parallels with herbicides.</b>	Shiona Kaastra, University of Guelph, Veterinary College
	<b>Triazine Resistance.</b>	Francois Tardif , University of Guelph
	<b>Graminicide Resistance.</b>	Hugh Beckie, Agriculture and Agri-Food Canada, Saskatoon
	<b>ALS Inhibitors Resistance.</b>	Mike Owen, Iowa State University
	<b>Glyphosate Resistance.</b>	Jeff Stachler, North Dakota State University
	<b>Resistance to HPPD Inhibitors.</b>	Aaron Hager, University of Illinois
	<b>Resistance to Auxinic Herbicides.</b>	Chris Hall, University of Guelph

---

**Graduate Student Presentations, Tuesday, November 22, 2011**

	12:00 – 13:30	Lunch	Oakes Ball Room
	13:30 – 15:00	<b>Graduate Student Research Project Presentations.</b> The latest in weed science research from universities across Canada.	Oakes Ball Room
	15:00 –	<b>Refreshment Break &amp; Poster Viewing</b>	Oakes Foyer
	15:30 – 17:00	<b>Graduate Student Research Project Presentations (cont'd)</b>	Oakes Ball Room

The graduate student presentations will start at 1:30 P.M. and continue until 5:00 P.M. Each presentation, including questions, will be 15 minutes. There will be a Refreshment Break at about 3:00 P.M.

**Professional Development Workshops - Wednesday, Nov. 23, 2011**

These concurrent classroom-style sessions will provide valuable learning opportunities for everyone. CCA and CCSC CEUs will be available.

## **Call for Graduate Student Papers**

The CWSS Local Arrangements Committee is soliciting titles for oral presentations to be presented at the 2011 annual meeting. Presenters will be allotted fifteen (15) minutes each. Topics may include any aspect of weed science including biology, ecology and management. To be considered for the student paper presentation session, a paper title must be submitted no later than **October 14<sup>th</sup>, 2011**. The Graduate Student Presentations title registration form is **available online**.

**Note: All presentations must be made using Microsoft PowerPoint.**

A written summary of your presentation (maximum of 1 page) will be required by **Thursday, November 4<sup>th</sup>, 2011** for inclusion in the conference booklet that will be distributed at registration.

Format instructions and procedures on how to submit an electronic copy of your text (Microsoft Word) through the web site will be e-mailed to you once you have registered a title.

**We encourage you to take this opportunity to update the weed science community on your research.**

### **Bayer CropScience Best Graduate Student Presentation Award**

This \$ 500 award is given in recognition of the best student oral presentation at the CWSS-SCM annual meeting. All CWSS-SCM student members giving an oral presentation will be automatically considered for this award. The winning presentation will be selected by a panel of judges appointed by the Local Arrangements Committee.

## **Call for Applications - Graduate Student Scholarships and Travel Awards**

### **PhD GRADUATE STUDENTS**

1<sup>st</sup> Place: Award provided by Monsanto consists of \$2000 plus travel and hotel expenses, registration fee, and other reasonable expenses for attending the CWSS/SCM meeting.

2<sup>nd</sup> Place: Award provided by Syngenta Crop Protection Inc. consists of \$2000

3<sup>rd</sup> Place: Award provided by Arysta LifeSciences consists of \$1000

### **MSc GRADUATE STUDENTS**

1<sup>st</sup> Place: Award provided by Monsanto consists of \$2000 plus travel and hotel expenses, registration fee, and other reasonable expenses for attending the CWSS/SCM meeting.

2<sup>nd</sup> Place: Award provided by Dow AgroSciences Inc. consists of \$2000

3<sup>rd</sup> Place: Award provided by CWSS consists of accrued endowment interest up to \$1000

See [www.weedscience.ca/annual-meeting/scholarships-awards](http://www.weedscience.ca/annual-meeting/scholarships-awards) for information on application procedures and deadlines.

## **Call for Oral Presentations & Posters**

You are invited to submit titles for oral presentations and posters relating to research in any area of weed science. Please take this opportunity to update the weed science community on your research. Note that the Forage, Rangeland, Forestry and Industrial Vegetative Management Program Section will be meeting in 2011.

Title submissions are through the website where submitters will be asked to indicate their preference (oral presentation or poster). **The deadline for title submission is October 14<sup>th</sup>, 2011.** Please indicate which Program Section you wish to make your oral presentation in. Titles will be forwarded to the appropriate Program Section Chair. If there are too many proposed oral presentations in the allotted time in any given Section, the Chair will decide which will be presented orally and which authors will be asked to submit posters instead.

An abstract of your oral presentation(s) will be required by **November 4<sup>th</sup>, 2011** for inclusion in the conference booklet that will be distributed at the annual meeting. You will be able to re-enter the Annual Meeting registration website (again found through [www.cwss-scm.ca](http://www.cwss-scm.ca)) and upload your abstracts. Changes to the title and the authors can also be made.

A copy of your poster(s) can be uploaded on the Annual Meeting registration website (again found through [www.cwss-scm.ca](http://www.cwss-scm.ca)) and upload your poster(s).

### **The Program Sections (and Chairs) are**

- Cereals, Oilseeds and Pulses – Robert Blackshaw
- Horticulture and Special Crops – Rob Nurse
- Soybean, Corn, and Edible Beans – Peter Sikkema
- Forage, Rangeland, Forestry and Industrial Vegetative Management – Nancy Cain
- Weed Biology and Ecology / Invasive and Noxious Weeds – Stephen Murphy
- Provincial Reports/Regulatory Issues – David Ralph

Please note that registration and title submission is available online or by sending them to Anita Drabek ([assistant@cwss-scm.ca](mailto:assistant@cwss-scm.ca)). If you have problems logging on or with the on-line program, please contact Anita Drabek. CWSS – SCM Tel: (204) 753-2915, Email: [assistant@cwss-scm.ca](mailto:assistant@cwss-scm.ca)

Posters can be viewed throughout the annual meeting as listed in the agenda. Two special viewing times are scheduled for Tuesday, November 22<sup>nd</sup> from 7:30 to 8:30 and for Wednesday, November 23<sup>rd</sup> from 14:00 to 15:00 . The posters will be in the Oakes Foyer. Authors are required to be in attendance at their poster(s) at these times. Posters can be viewed throughout the conference.

---

The Local Arrangements Committee contact for the Poster Presentations is Diane Benoit  
Agriculture and Agri-Food Canada | Agriculture et Agroalimentaire Canada,  
Saint-Jena-sur-Richelieu QC, 450-515-2010, [dianelyse.benoit@agr.gc.ca](mailto:dianelyse.benoit@agr.gc.ca)

**Please note that registration is online, after you have logged-in under the annual meeting tab on our web site. If you have problems logging-in, please contact Anita Drabyk.**

CWSS – SCM Tel: (204) 753-2915 Email: [assistant@cwss-scm.ca](mailto:assistant@cwss-scm.ca)

### **BASF Canada Best Poster Awards**

These awards are to recognize the best posters presented at the CWSS-SCM annual meeting. All posters are automatically eligible for these awards. The winning posters will be selected by a panel of judges chosen by the Local Arrangements Committee. The awards are as follows:

1st place: \$500  
2nd place: \$300  
3rd place: \$200

A plaque is presented to the senior author of each.

### **Call for Provincial Reports and Regulatory Reports**

Please note that the Provincial Reports should be submitted in full by October 14<sup>th</sup>. The same applies to governmental agencies. All these reports can be uploaded on-line when you register for the annual meeting. Changes, if needed, can be made by re-entering the registration website. They can also be submitted electronically to [assistant@cwss-scm.ca](mailto:assistant@cwss-scm.ca).

## Sponsorship and Commercial Displays

The CWSS annual meeting represents a perfect opportunity for reaching the Canadian weed science community. You will have the privilege to share your expertise with your colleagues by having access to a display table (includes chairs and access to an electrical outlet). Below is an outline of the suggested levels of sponsorship available; however you can also choose to make a general donation to offset meeting expenses. We appreciate any level of support you are able to provide.

Support for a major speaker	\$1000
Support for continental breakfast	\$1000
Support for annual breakfast meeting	\$1000
Support for refreshment breaks	\$500
Booth space for displays	\$250
Registration package insert	\$150

All sponsorship levels include recognition in the registration package.  
Sponsorship levels of \$250 or higher include the option for a display.  
Sponsorship levels of \$500 or higher will be acknowledged with appropriate signage at the break/meal/session, and in the program.

If you are interested and wish to take advantage of this offer, you can submit the following form to Anita Drabyk (address below). Please note: **All commercial display participants MUST also register for the CWSS annual meeting.** You can pay for your Commercial Display under the Merchandise tab on the Annual Meeting Registration Website (RegOnline) if you are registering online. If not, the form below can be used.

### Commercial Display Submission Form (please print)

## **Call for Nominations for CWSS-SCM Awards**

Nominations are encouraged for the following awards:

- CWSS-SCM Fellow
- CWSS-SCM Outstanding Industry Member
- Excellence in Weed Science Award
- Viterro Excellence in Weed Extension Award
- CWSS-SCM Meritorious Service Award

See [www.weedscience.ca/annual-meeting/scholarships-awards](http://www.weedscience.ca/annual-meeting/scholarships-awards) for information on application procedures and deadlines.

## **Call for Photo Contest Entries**

Winning photos will be selected by a panel of judges selected by the Photo Contest Coordinator. Pictures will be judged on their originality, visual quality and subject relevance. The third prize in each photo category will be a Public Prize, meaning that all the membership will be the jury and vote for what they judge as being the best photo in each category. Paid CWSS – SCM members will be able to vote after the submission deadline of October 15, 2011. Prizes will be awarded as follows: 1st in each category (\$100.00), 2nd in each category (\$50.00), 3rd in each category (\$25.00).

The contact for the Photo Contest is Anita Drabyk [assistant@cwss-scm.ca](mailto:assistant@cwss-scm.ca) or Peter Smith, [psmith@uoguelph.ca](mailto:psmith@uoguelph.ca) (519-824-4120 X53392)

The categories for 2011 are

1. Agriculture and Forestry Category includes general agriculture and forestry pictures in which an individual botanical subject is not the prime theme of the image. For example: production activities (seeding, spraying, cutting, cropping, etc.) or general views (landscapes, sites, etc.).
2. Weeds Category includes pictures of plants considered as weeds (whole plants or plant parts). The images should demonstrate morphologic characteristics. Patches of plants can be shown.
3. Weeds in Action Category includes pictures that illustrate weed invasion or competition. Weeds are not only identified (category 2) but shown in action. For example: dandelion seeds transported by the wind, vetch on evergreen, soybean field with common ragweed, etc.

Contest Rules:

1. Entries must be digital images in either jpg or gif format. Images must be large enough to produce an 8x10 print (3 megapixels minimum).
2. Photos can be uploaded in the Annual Meeting registration that can be found through our website. You can upload photos as you register for the Annual Meeting or you can add them to the website later. Changes can also be made.
3. If you are sending in photos by email, each picture must be identified as: category\_number\_name\_of\_picture\_name\_of\_photographer. Example: 2\_giant\_ragweed\_John\_Smith.jpg. Spaces must not be used in the name, only underlines \_.
4. Members of CWSS – SCM can submit a maximum of 3 pictures per category.
5. Winners agree to give non-exclusive rights of use of their photos to the CWSS – SCM.
6. Deadline for entries is October 15, 2011.

## **Instructions for Preparing the Abstracts for the Canadian Weed Science Society Conference**

An abstract is required for all the presentations (graduate students, oral or poster in Program sections or in symposia).

A full Program with all the abstracts will be available to all registrants at the Registration Desk.

An abstract (maximum of 300 words) is required even if you also submit a full text. You must upload the abstract by November 4, 2011 by login in the on-line registration for the CWSS-SCM Annual Meeting. This year the abstract submission will allow for MS WORD upload so that the formatting will not be lost.

The abstracts will be printed exactly as submitted, other than format and font changes to make all abstracts the same; therefore, proofread carefully.

1. Contents. The abstract should highlight significant results and include an interpretation of the results, as well as essential aspects of the experimental procedure, but without details. Write the abstract so it consists entirely of information. Do not include statements such as "The results of the experiments will be presented" or "The significance of these results will be discussed".
2. Font, spacing, and file format Page size: 8.5 inches wide x 11 inches long. Page margins: 1 inch on every sides Line spacing: Single space only Font: Times New Roman Font size: 11 pt. only. You can use superscript and subscripts if needed. Text justification: Left justified everywhere Latin names: Use italics for Latin names. Do not underline. File format. The file should be saved in either WordPerfect or in the RTF file format File name: Please use your name for file name. If you are submitting more than one abstract, please add a number after your name. Do not use space, use underlines instead. Example: Daniel\_Cloutier.rtf or Daniel\_Cloutier\_2.rtf
3. Order of presentation. The order should be: Title in bold, followed immediately by the list of authors and their addresses (Department, Institution, City and Province). Skip one line and follow with the abstract (see the examples at the end of this text).

Details. Capitalize only the first word and proper names in the title and end the title with a period. Include both the common and scientific names of weeds, the common names of herbicides and well-known crop plants. Include both the common and scientific names of uncommon crops. The title should be typed in bold-face. After the title, add the name(s) of author(s), family name first, followed by their initial(s). Place a comma after each author and a period after the last author. Follow this with the author(s) address(es) (Department, Institution, City and Province). Do not include street addresses, divisions, P.O. Box or postal codes. End this section with a period. Skip one line and begin your abstract in paragraph form (maximum of 300 words). If there is more than one address, use superscripts as in example 2 below.

1. Herbicide nomenclature. Use common names of herbicides as given in the latest issue of Weed Science. When the common name refers to the parent acid, the salt or ester forms used in the experiments should be identified at the first mention of the common

- name (e.g. methyl ester of diclofop). At the first mention of a herbicide application rate, list whether the weight is acid equivalent (ae) or active ingredient (ai) (e.g., kg ai ha<sup>-1</sup>). If no common name is available, use its designation (trade name or code) followed by the full chemical name. If the chemistry is confidential, identify source (company) in parentheses after designation.
2. Adjuvant nomenclature. Where possible, use WSSA Monograph Adjuvants for Herbicides, *Weed Science* 26:204-205 or the WSSA Herbicide Handbook. Otherwise, use the most complete available chemical description of the adjuvant.
  3. Weed nomenclature. Identify weeds by common names. At first mention of a weed, in the title or text, follow the common name with the scientific name (*italic*) and authority, if first mention is in the text, in parentheses. Do not repeat the scientific name in the text if given in the title. Use common and scientific names of weeds as given in the Inventory of Canadian Agricultural Weeds at [http://res2.agr.ca/ecorc/weeds\\_herbes/title-titre\\_e.htm](http://res2.agr.ca/ecorc/weeds_herbes/title-titre_e.htm). If there is no common name, use common scientific names from another source such as the COMPOSITE LIST OF WEEDS, published by WSSA in 1989.
  4. Crop nomenclature. Scientific names for crop plants are optional. They are not needed for well-known crops, but should be included for less common crops and whenever needed for clarity. Place scientific names in parentheses (*italic*) following first mention of the common name, whether in the title or text.
  5. Measurements. Report all measurements in SI units. Abbreviate units of measure if preceded by a number. See *Weed Science* (1991) 39:136-137 for additional suggestions and metric conversions.
  6. Abbreviations. Use abbreviations as shown in *Weed Science* (1995) 43:713-717 or CBE Style Manual.
  7. Numbers. Use Arabic numerals for all numbers with two or more digits and for all measurements such as time, weight, length, area, quantity, or degree except when the number is the first word in the sentence. Spell out numbers when they are the first word in a sentence or when they are less than 10 and not measurements.
  8. Tables, figures, or literature citations. Do not include these in Abstracts.

Here are some examples

EXAMPLE 1:

Tillage systems influence emergence periodicity of annual weeds in canola. Bullied, W.J., Marginet, A.M., and Van Acker, R.C. Department of Plant Science, University of Manitoba, Winnipeg, MB

Variation in emergence periodicity of annual weeds is an attribute that may be utilized as a control strategy to reduce weed competitiveness in canola. Emergence periodicity of annual weeds was determined in spring-seeded canola fields in conventional and conservation tillage systems during spring of 2000 across southern Manitoba, Canada. The impact of tillage system on the emergence periodicity of annual weed species was evaluated in the context of the trend toward reducing levels of tillage intensity while maintaining crop competitiveness.

Conservation-tillage promoted earlier emergence for all weed species except wild mustard and redroot pigweed. Differences in emergence periodicity between tillage systems could not be explained by soil temperature or moisture, but were attributed to differences in soil disturbance. For all species, the maximum rate of emergence did not differ between tillage systems. This suggests that differences in emergence periodicity between tillage systems are a result of differences in the emergence lag phase period. Onset of the seeded canola emergence period preceded the onset of the emergence period for all weed species except wild mustard in conservation-tillage, and wild mustard and wild oats in conventional-tillage. For all weed species monitored in this study, the average difference in onset of emergence between canola and the weeds was positive for both tillage systems, however it was greater in conservation-tillage systems. This suggests that canola seeded in conservation-tillage systems may have a competitive advantage through the relative time of crop emergence. The results from this study support canola management strategies for tillage system and weed control timing decisions, as well as validation for weed emergence models.

#### EXAMPLE 2:

Hybridization between transgenic canola (*Brassica napus* L.) and its wild relatives: bird rape (*B. rapa* L.), wild radish (*Raphanus raphanistrum* L.), wild mustard (*Sinapis arvensis* L.), and dog mustard (*Erucastrum gallicum* (Willd.) O.E. Schulz). Warwick S.I.<sup>1</sup>, Simard M.-J.<sup>2</sup>, Légère A.<sup>2</sup>, Beckie H.J.<sup>3</sup>, Séguin-Swartz G.<sup>3</sup> <sup>1</sup>Agriculture and Agri-Food Canada (AAFC), Ottawa, ON; <sup>2</sup>AAFC-Ste-Foy, QB; <sup>3</sup>AAFC-Saskatoon, SK

The frequency of gene flow from canola to four wild relatives, bird rape, wild radish, wild mustard, and dog mustard was assessed in field experiments and in commercial fields. Various marker systems were used to detect hybrids: herbicide resistance traits (HR), molecular markers (AFLPs) and ploidy level. Hybridization between bird rape (AA) and canola (AACC) occurred in a HR canola field experiment (frequency ca. 7%) and in wild populations in commercial HR canola fields (ca. 13.6%). All F1 hybrids were morphologically similar to bird rape, had canola- and bird rape-specific AFLP markers, were triploid (AAC,  $2n = 29$ ) and reduced pollen viability (ca. 55%). In contrast, a single wild radish  $\times$  canola F1 hybrid was detected in 32821 seedlings from a HR canola field experiment. The hybrid was morphologically similar to wild radish except for the presence of valves, a canola trait, had both canola- and wild radish-specific AFLP markers, <1% pollen viability, and a genomic structure of RrRrAC,  $2n = 37$ . No hybrids were detected in commercial fields in Québec and Alberta (22,114 seedlings). No wild mustard or dog mustard  $\times$  canola hybrids were detected (42,828 and 21,841 seedlings, respectively) from commercial fields in Saskatchewan. These findings suggest that the probability of gene flow from transgenic canola to wild radish, wild mustard or dog mustard is very low ( $<2.5 \times 10^{-5}$ ). However, transgenes can disperse in the environment via wild bird rape in eastern Canada and possibly via commercial *B. rapa* volunteers in western Canada.

Visit the Canadian Weed Science Society website at [www.cwss-scm.ca](http://www.cwss-scm.ca).

---

## **Conference Registration Information**

On-line registration is found at our website ([www.cwss-scm.ca](http://www.cwss-scm.ca)). The on-line registration can accommodate cheque and credit payments. If you are paying by cheque, you can complete the registration on-line registration form and then submit a cheque payable to CWSS-SCM. Cheques should be mailed to

Executive Assistant, CWSS-SCM  
P.O. Box 674  
Pinawa MB R0E 1L0

If help with registration is needed call the CWSS-SCM office at (204) 753-2915 or fax at (204) 753-2363. You can also send an email to [assistant@cwss-scm.ca](mailto:assistant@cwss-scm.ca). The following page contains a Registration form that can be filled in and sent in if you don't have access to the website.

**CWSS-SCM Registration Form**  
**(Please Print)**

Name: \_\_\_\_\_

Affiliation: \_\_\_\_\_

Address: \_\_\_\_\_

City/Town: \_\_\_\_\_ Province: \_\_\_\_\_ Postal Code: \_\_\_\_\_

Phone: \_\_\_\_\_ Fax: \_\_\_\_\_

E-mail: \_\_\_\_\_

On-line registration is found at our website ([www.cwss-scm.ca](http://www.cwss-scm.ca)). Fees are as listed below.

**FEES:**

	Cost per Person	Quantity	Total Cost**
<b>Early Registration</b> (payment received before October 16, 2011)			
Includes: Plenary Session, Professional Development Workshops, Program Sections, Welcoming Reception (Nov 21) Breakfast (Nov 22, 23 & 24) Lunch (November 22), all refreshment breaks, Awards Luncheon (November 23), Industry Reception, Conference Booklet	<b>Member:</b>	\$425	
	<b>Nonmember:</b>	\$525	
	<b>Student*:</b>	\$150	
<b>Late Registration</b> (payment received after October 17, 2011) Includes: Same as Early Registration above.	<b>Member:</b>	\$525	
	<b>Nonmember:</b>	\$625	
	<b>Student*:</b>	\$175	
<b>One-day Registration Options:</b>			
<b>Tuesday, Nov. 22 only</b> - Plenary Session and Graduate Student presentations– (includes lunch, nutrition breaks, conference booklet)	\$200		
<b>Wednesday, Nov 23 only</b> – includes Professional Development Workshops	\$200		
<b>Thursday, November 24 only</b> – includes concurrent sessions: <b>1. Weed Control in Corn, Soybean and Edible Beans.</b> (10:00 to 12:00) o Contributed papers and discussion <b>2. Provincial Weed Reports and Regulatory Issues.</b> (10:00 to 12:00) o Contributed papers and discussion	\$50		

<b>CWSS-SCM Membership for 2012</b>	<b>Regular</b>	<b>\$100</b>		
	<b>Student (Canadian)*</b>	<b>\$0</b>		
	<b>Student (international)</b>	<b>\$50</b>		
	<b>Retired</b>	<b>\$25</b>		
<b>Monday, Nov 21 – Niagara Wine and Scenery Pre-conference Tour</b>		<b>\$65</b>		
Additional Tickets for the Awards Luncheon (for guests)		<b>\$55</b>		
* Need signature and name of supervisor. Students must be from Canadian universities to be eligible for student membership. ** Includes GST/PST			<b>TOTAL</b>	

**Refund policy:** 90% of fee returned if cancellation received by October 31, 2011; no refund if notification received after November 1<sup>st</sup>, 2011 but registration can be transferred to another individual from the same organization.

Special food or dietary restrictions: \_\_\_\_\_  
\_\_\_\_\_

Register online or complete this form and return with your payment, payable to CWSS, to / Veuillez compléter ce formulaire et l'envoyer avec votre paiement au nom de la SCM à

## **Hotel Reservation Information – CWSS–SCM, 2011**

**Meeting Site:** Marriott Gateway on the Falls, Niagara Falls, Ontario

<b>Room Types</b>	<b>Cost (plus taxes)</b>
Fallsview	125
Cityview	115

Rates are in \$ Cdn per room per night (single or double occupancy), plus taxes [Ontario HST Tax (13% on cost inclusive of 3% DMF is 16.39%) 16.39%].

**Reserve Room:** Toll Free 1-800.618-9059

**Hotel direct:** 1- 905-374-1077

**Quote CWSS Block Code:** "cws" or quote the date of the annual meeting

Group rate cutoff date is November 4, 2011. Room reservations after this date will be accepted at the group rate if rooms remain available. Guest room rates for the conference are extended 3 days prior to the conference as well as 3 days post conference. Late registration room rate will be at rate hotel has available.

NOTE: \* Delegates must quote the Block Code to get the rates for the conference. This is important as well for CWSS as our costs are affected by number of guest rooms booked.

Marriott Gateway on the Falls  
6755 Fallsview Blvd.  
Niagara Falls, Ontario L2G 3W7  
Phone: 1-800.618-9059 / 905-374-1077 fax: 905-374-6224

Check out the facilities at <http://www.niagarafallsgateway.com>.

## Niagara Airbus

Transportation to and from the hotel can be via Niagara Airbus.

Please have the following information ready:

- Dates of travel
- Airline and flight number information--- we require the airline and flight number of the flight that arrives/departs the Toronto or Buffalo Airport (not the initial flight if it isn't landing in Canada)
- The name of the hotel you will be staying at in Niagara. A default has been chosen by your conference coordinator - if yours is different please click on the drop down box for the appropriate hotel.
- Valid credit card number and expiry date to at least guarantee the reservation.

Our code is 575 - and here is our link below.

<http://bit.ly/NAB575>

This above link will provide your delegates with a discounted shuttle rates Toronto \$74.75 + hst round trip and Buffalo \$75.35 round trip... and the code is valid for transportation between November 13th and November 26th to allow for ample time to travel before and after the event.

You can also book exclusive service at a 20% discount from Toronto, Buffalo or Hamilton Airports.

You have also added an option to book a tour at 15% discount as well, should they have free time and like to explore Niagara.

This above link will provide your delegates with a discounted shuttle rates Toronto \$74.75 + hst round trip and Buffalo \$75.35 round trip... and the code is valid for transportation between November 13th and November 26th to allow for ample time to travel before and after the event.

You can also book exclusive service at a 20% discount from Toronto, Buffalo or Hamilton Airports.

You have also added an option to book a tour at 15% discount as well, should they have free time and like to explore Niagara.

Basic instructions for the use of the on-line system are as follows:

In your internet browser, simply go to the link provided by your conference coordinator.

You do not need to login... you can simply begin making a reservation from that page. Near the end of the reservation, you will be asked for your name and phone number information, and when you complete the reservation (after entering credit card information)... on the Reservation Confirmation page... you will be given login information for future use. Please ensure you copy this login and password as this is required to make changes to your reservation.

Please have the following information ready:

- Dates of travel
- Airline and flight number information--- we require the airline and flight number of the flight that arrives/departs the Toronto or Buffalo Airport (not the initial flight if it isn't landing in Canada)
- The name of the hotel you will be staying at in Niagara. A default has been chosen by your conference coordinator - if yours is different please click on the drop down box for the appropriate hotel.
- Valid credit card number and expiry date to at least guarantee the reservation.

On the first page... you will see a summary of all of the services we offer. Airport Transportation is at the top. Please choose whether you wish to book shuttle or exclusive (private) service, and then the direction of your first trip... (eg: Select - Round Trip , One way from the Airport or One way to the Airport.)

The next few screens gather information we require to provide you with the appropriate pick up times, etc. The pick up and drop off information pages contain list boxes from which you can simply choose your hotel ... our system will then fill in the address information.

After completing the Airport Requirements, you will have the ability to choose individual sightseeing or winery Tours at a discounted rate before completing your Airport Reservation.

On the passenger information Screen - it is here that you choose to pay for your reservation with the credit card. Simply ensure 'credit card' is ticked off, and enter the information.

If you would prefer to pay our driver, click on 'Cash/Travellers Cheqs', and then you must fill out the credit card information. When this is the case, we do not charge your card, but we do pre-authorize the amount of the reservation, to ensure we have a valid credit card for guarantee purposes.

Please then click (only Once) the 'Done' button.

The next screen is the Reservation Confirmation Screen. It will provide a confirmation number, which you can print as your receipt, or choose to receive an email confirmation of the reservation.

Should anyone require further assistance with the on-line system, they should contact our Support Desk at [support@niagaraairbus.com](mailto:support@niagaraairbus.com).
