	<p>10:00 – 10:30</p>	<p>and resolving performance gaps- those unpleasant realities standing in the way of organisational success. Justin Hale, VitalSmarts</p>	<p>Oakes Foyer</p>
	<p>10:30 – 12:00</p>	<p>Refreshment Break</p> <p>Symposium – Alternatives for Weed Management in Landscape Environments</p> <ol style="list-style-type: none"> 1. The role of Sarritor for biological weed control. Al Watson, University of McGill 2. IPM strategies for weed management. Pam Charbonneau- Ontario Ministry of Agriculture, Food and Rural Affairs 	<p>Hennepin South</p>
	<p>10:30 – 11:15</p>	<ol style="list-style-type: none"> 3. Corn gluten and non-chemical alternatives. G. Stephenson, University of Guelph <p>Concurrent Workshops(CCU accredited)</p> <ol style="list-style-type: none"> 1. Graduate Student Workshop. "So what? and Who cares? Making your science, media friendly". Owen Roberts, University of Guelph 	<p>Auditorium</p>
	<p>11:30 - 12:15</p>	<p>OR</p> <ol style="list-style-type: none"> 2. Tillage the forgotten mode of action. Summary: With the increase in herbicide resistant weeds and weed shifts there is one mode of action that has never had a case of weed resistance; tillage. Tremendous advances in machinery and guidance systems have made tillage an incredible powerful management tool, but you need a game plan. Pat will walk you through the roadmap for success. 	<p>Hennepin North</p> <p>Auditorium</p>

		<p>Facilitator: Patrick Lynch, Consulting Agronomist</p> <p>3. Smartphone Tips and Tricks. Summary: Today’s smart phones have the power of many personal computers and provide a number of practical tools to make the job of a crop consultant, research technician or professor easier. Ian will demonstrate the most powerful functions that many of us are unaware of. Facilitator: Ian McDonald, OMAFRA</p> <p>OR</p> <p>4. CSI – Crop Scene Investigation: Handling the product inquiry. Complaint calls are never easy and can result in huge liabilities if handled incorrectly. What are the critical things to document? What service can a professional provide that leaves the grower with a positive experience? Steve Johns, Syngenta</p>	<p>Hennepin North</p>
	12:30 – 14:00	Awards Banquet	Oakes Ball Room
	14:00 – 15:00	Poster viewing – Authors Present	Oakes Foyer

CWSS-SCM PRE-CONFERENCE TOUR

Step aboard the bus outside the Marriott Gateway Hotel to experience the beauty of Niagara’s world-famous wine country and see the sites and attractions that make Niagara famous. Your first stop will be Reif Estates Winery for a tour and tasting including Vidal icewine. After you enjoy a gourmet boxed lunch, head out to explore Niagara’s most historic village, Niagara-on-the Lake filled with shops, boutiques and the Angel Inn - Ontario’s oldest operating inn boasting an English-style pub and resident ghost, Captain Swayze. Take a wine tasting narrated drive along the Niagara Parkway highlighting historical landmarks such as Queenston Heights, Laura Secord Homestead, historic Fort George and much more including a stop at Pillitteri Estates Winery – one of Canada’s leading wineries. Let your spirit soar on a self-guided tour of the Butterfly Conservatory featuring over 2,000 colourful tropical butterflies floating freely among lush, exotic blossoms and greenery. From the Observation Boardwalk you will be able to view the Whirlpool Rapids - amongst the wildest, formidable and most dangerous rapids in the world. Return to the hotel in plenty of time for a rest before the general membership “Meet and Greet”.
